Steve Barber dominated this race from start to finish, racing into an early lead, consolidating his position mid race, before upping the pace for a final big push. Well done to Julie who was quicker than the previous month and also to Ellen on her debut (I think).

The big improver on the night was Mick Collo, taking off 4m4secs from the previous month. He's obviously making a late bid for the " 2012 Limpmick Games".
Brian Watts was the only other to go quicker than his April time, bettering it by 23secs. This month just didn't have the same feel to it, must have been Bullock's absence due to an outbreak of Curry at the pub!!
